

Adding Words and Topic Dictionaries in WIVIK

To add words to the main prediction list:

- 1) Click the "W" button above the left arrow key on the WIVIK keyboard to bring up the WordQ box.
- 2) Click "Options", then click "My Words".
- 3) Type the new item into the New word box.
- 4) Click "Add".
- 5) Repeat until all new words are added.
- 6) Click "Close".
- 7) Click the "W" button again to close the WordQ box.
- 8) Note: Be sure when closing WIVIK to Click "Yes" to save the dictionary changes!

To make a Topic Dictionary:

- 1) Click the "W" button above the left arrow key on the WIVIK keyboard to bring up the WordQ box.
- 2) Click "Options", then click "My Words".
- 3) Click the "Topics" tab.
- 4) Click "New" to start a new topic. Type the name in the box (i.e., Science Chapter One), then click "OK".
- 5) Type the new item into the New word box.
- 6) Click "Add".
- 7) Repeat until all new words are added.
- 8) Click "Close".
- 9) Click the "W" button again to close the WordQ box.
- 10) Note: Be sure when closing WIVIK to Click "Yes" to save the dictionary changes!

To use a Topic Dictionary during writing:

- 1) Click the "W" button above the left arrow key on the WIVIK keyboard to bring up the WordQ box.
- 2) Pull down on the Topic arrow to select the topic.
- 3) Click the "W" button again to close the WordQ box.
- 4) The words in the topic dictionary should show up in the prediction list.
